It's hard not to think that cleanliness is next to godliness while shopping at *Michelle Willey*—this is a heavenly place. I want to stock up on cleaning, kitchen and bath goods here, take them home and put them to use beautifying everything in sight. Painted white metal buckets, woven baskets for organization, canvas laundry baskets, beautiful dust brooms, linen aprons, and organic cotton flour sack cloths—Michelle's approach shows that a simple, clean and classic look will last you forever—and maybe put you that much closer to God in the meantime.
